LinkedIn: linkedin.com/in/tanha-moni-085541422 | GitHub: github.com/tanhamoni

CAREER OBJECTIVE

Motivated and detail-oriented Full Stack Web Developer with hands-on experience building complete e-commerce solutions using PHP, Laravel, MySQL, and Bootstrap. Skilled in developing secure, scalable web applications including REST APIs, payment integration, and admin/reporting dashboards. Seeking to leverage strong problem-solving skills and practical project experience in an entry-level Full Stack Developer role.

TECHNICAL SKILLS

- Languages: PHP, JavaScript, HTML5, CSS3, SQL
- Framework: Laravel (MVC, Blade Templating, Eloquent ORM, Middleware, Artisan)
- Frontend: Bootstrap, jQuery, Responsive Web Design
- Database: MySQL (Schema Design, Query Optimization, Migrations, Seeders)
- API Development: RESTful API design & integration, Postman
- Payment Gateway: SSLCommerz Integration
- Tools & Version Control: Git, GitHub, XAMPP/Composer, Laragon, VS Code
- Other: Authentication & Role-based Access Control, MVC Architecture, OOP Concepts

PROJECTS

Complete E-Commerce Web Application

Technology: *PHP, Laravel, MySQL, Bootstrap, jQuery, SSLCommerz, REST API*

- Developed a full-featured e-commerce platform with a customer-facing front store (product catalog, category/filter navigation, search, cart) and complete order processing from checkout to delivery.
- Implemented order management covering order placement, status tracking, and order history for customers and admins, with integrated courier/shipment management for dispatch and delivery tracking.
- Designed automated, downloadable/printable invoice generation for each order and integrated the SSLCommerz payment gateway for secure online payments, including success/fail/cancel callback handling.
- Built a role-based admin dashboard to manage products, categories, orders, couriers, invoices, customers, and payments.
- Extended the system with a RESTful API layer exposing core features (products, cart, orders, authentication) for external/mobile client consumption.
- Applied Laravel best practices: MVC architecture, Eloquent ORM, form validation, middleware-based authentication, and database migrations/seeders.

TRAINING & CERTIFICATIONS

- Full Stack Web Development with PHP & Laravel — Webcoder-IT

Comprehensive hands-on training covering PHP fundamentals, OOP, Laravel framework, MySQL database design, RESTful API development, and real-world project building (capstone: complete e-commerce platform).

EDUCATION

Bachelor of Arts (Honours) in English — 1st Year (Ongoing)

Department of English, National University, Bangladesh

Higher Secondary Certificate (HSC) — 2025

Fatima Motin Women's College

KEY STRENGTHS

- Strong understanding of MVC architecture and clean, maintainable code practices
- Quick learner, adaptable to new tools, frameworks, and project requirements
- Good problem-solving and debugging skills; comfortable with Git-based version control
- Effective team collaboration and communication

Languages: Bangla (Native) | English (Professional Working Proficiency)
